Nakło nad Notecią is the next point on the map of the mobile showroom "Cypher Game"

Nakło nad Notecią is the next point on the map of the mobile showroom "Cypher Game"

Nakło nad Notecią was the fourth stop on the "Cypher Game" mobile showroom tour. On 21 September, the mobile exhibition was set up right by the Noteć River, at the Nakło County Marina. Young people came in great numbers to learn about the latest project of the IIPN Office of New Technologies and discover the secrets of Polish intelligence operating during the 1920 Polish-Bolshevik war. The role of cryptographers was played with great commitment by students from the Stanisław Staszic School Complex, the Captain Boleslaw Romanowski Inland Navigation School Complex and the Cardinal Stefan Wyszyński Primate of the Millennium Primary School No. 2. Substantive support was provided by Dr. Kamila Churska-Wołoszczak of the IPN Branch in Bydgoszcz. The innovative "Cypher Game" project has aroused great interest among representatives of the local community. Our exhibition was visited, among others, by: Nakło County Starost Tadeusz Sobol, Headmaster of the Captain Bolesław Romanowski Inland Navigation School Complex Kazimierz Toczko, as well as the First Deputy County Police Commander in Nakło - Commander Jan Poźniak. Reports on the event appeared, among other things, in Kurier Nakielski and Polskie Radio PIK. The Mobile Exhibition has arrived in Nakło nad Notecią. Great interest among the youth | Kurier Nakielski - news service (kurier-nakielski.pl) The "Cypher Game". The Institute of National Remembrance organises an unusual history lesson in Nakło nad Notecią (tvp.pl) The Cypher Game, or how to communicate historical knowledge to young people - Polskie Radio PiK. We encourage you to check out the tour and visit our mobile showroom "Cypher Game".
