Thank you! More than 600,000 players have already reached for the game “Aviators – War in the Skies”

Thank you! More than 600,000 players have already reached for the game *“Aviators – War in the Skies”*.

The latest gaming project of the New Technology Division has already been downloaded over 600,000 times. Since its international premiere in London on January 24, 2024, *“Aviators”* has been soaring high—earning excellent reviews and attracting a large number of players.

Educational adventure game “Aviators” – a gaming history lesson

“Aviators – War in the Skies” is a game that presents real characters and the achievements of Polish pilots serving in the air during World War II. The production combines arcade elements with logic puzzles. The game features a journal module containing a compendium of historical knowledge referenced in *“Aviators.”*

The game is available in 12 language versions, including two sign languages—making it accessible to users from around the world. Based on the events presented in the game, educational materials have been created, including lesson plans covering the historical context, the course of battles, and their consequences. Additionally, a quiz is available to verify acquired knowledge. The entire set (both lessons and the quiz) has also been prepared in English.

Would you like to see faithfully recreated 3D models of historical machines, weapons, everyday objects, and pilot characters right now? Revived exhibits are waiting for you!

“Aviators” is available for free download on Steam for Windows computers, as well as in a VR (Virtual Reality) version.

“Aviators” is soaring across the world

From its pre-premiere in Warsaw, through its premiere in London, to showcases in Seattle—our *“Aviators”* visit both large and small educational and gaming events in Poland, including PGA in Poznań, the X Gaming Festival in Spytkowice, and CD ACTION EXPO in Łódź. *“Aviators”* is also making its mark internationally—in Polish schools in Stockholm and Greece, at PAX events in the USA (Seattle, Boston), and at Germany’s Gamescom.

Thanks to this, the international community gathered around Polish heroes has already exceeded 600,000 people. Thank you for being part of this community and for supporting Polish historical education around the world.

Over 600,000 players have stepped into the roles of Polish heroes

Preparing the aircraft for flight, plotting a course, shooting down enemy units, and destroying artillery positions—players can expect a truly engaging gameplay experience, along with a dose of historical knowledge and intriguing facts.

Thank you, and we hope you will continue to explore the educational games of the Institute of National Remembrance!
