Presentation of projects by the New Technology Division in Rzeszów on the occasion of the Night of Museums and Children’s Day

Presentation of projects by the New Technology Division in Rzeszów on the occasion of the Night of Museums and Children’s Day

On the occasion of the Night of Museums and Children’s Day, the Rzeszów branch of the Institute of National Remembrance presented mobile boxes with immersive historical education This was not the only attraction that awaited visitors. In addition, visitors could see, among other things, an exhibition of artefacts found during the search for burials of Indomitable Soldiers in the Podkarpackie Voivodeship and a presentation of the “Stanisław Maczek” exhibition.

The Night of Museums in Rzeszów with mobile boxes

The Night of Museums is a great opportunity to visit the exhibitions and unique presentations of the Institute of National Remembrance free of charge, as well as to visit places that are not normally accessible. It is also an opportunity to participate in special events organised only on this evening. Visitors to the Institute of National Remembrance in Rzeszów had the opportunity to experience all the projects of the New Technology Division thanks to mobile boxes with immersive historical education. The event attracted more than 800 people of all ages. While the projects of the New Technology Division are created with schoolchildren in mind, their educational value can be enjoyed by people of all ages. This is why mobile boxes designed for immersive historical education are so popular. Read more about mobile boxes designed for immersive historical education

Children’s Day with mobile boxes prepared by the New Technology Division

Learning and fun in one? Visitors to the Rzeszów branch of the Institute of National Remembrance can see how pleasant and simple this combination is. The educational projects of the New Technology Division, presented using mobile boxes designed for immersive historical education, are a proposal for both young people and adults. Children’s Day is a special opportunity to invite young people to an immersive history lesson – a time to have fun and learn about history. The event organised by the Rzeszów branch of the Institute of National Remembrance on the occasion of Children’s Day, including a demonstration of mobile boxes and thus all the projects of the New Technology Division, takes place on 3 June.

Children’s Day with the educational projects of the New Technology Division

We invite you to the New Technology Zone at the Central History Point (at ul. Marszałkowska 107 in Warsaw) for an immersive adventure with the educational projects of the New Technology Division. A week of immersive history lessons to celebrate Children’s Day from 27 May to 1 June. Take your child on an exciting journey into the past. The presentation at the Rzeszów branch of the Institute of National Remembrance is not the only opportunity to invite your child to immersive history lessons. If you have missed this date, no worries. We invite you to visit the New Technology Zone from Monday to Saturday from 10 a.m. to 6 p.m.
