Technology Zone

Central History Point

Named after President Lech Kaczyński

See Central History Point site

Central History Stop is a place that transforms the way we think about historical education

The IPN Central History Stop named after President Lech Kaczyński is located at 107 Marszałkowska Street in Warsaw. It’s a venue where you can attend conferences, lectures, discussions, and film screenings. Additionally, the Central History Stop offers lectures for school youth, immersive history lessons in the New Technology Zone, and a bookstore. Entrance is free.

Take advantage now

New Technology Zone

The New Technology Zone of the Central History Point is a unique place that provides historical knowledge delivered in a modern, immersive way. Here, entertainment meets learning.In the New Technology Zone, you will participate in all the projects of the New Technology Division, test your knowledge in history quizzes based on these projects, and discover the effectiveness of modern, immersive historical education.

We invite organized tours (up to 30 people), families, groups of friends, individuals – everyone interested. Secure your spot and register now. Enter the futuristic Orb X time capsule, put on VR goggles, talk to the avatar of a Polish hero, and listen to educational podcasts.
