New Technology Division at the ECR Youth Congress in Lublin

New Technology Division at the ECR Youth Congress in Lublin

On the weekend of 7–8 December, the ECR Youth Congress is taking place in Lublin. The event's main theme focuses on the perspective of the young generation on the future of Poland in Europe. The organisers of the Congress provide a platform for discussions involving young people about the most significant challenges facing Poland and Europe.

Youth Congress in Lublin with the participation of the New Technology Division

The event will be held at the Lublin Conference Centre. Topics of discussion will include the management of energy resources, *Centralny Port Komunikacyjny* [the Central Communication Port], and Poland's foreign and domestic policy. Participants can look forward to conferences, debates, panel discussions, and talks with special guests. The discussions will cover a variety of subjects, including the participation of young people in local governments in Poland and Europe, the importance of sport as a tool for promoting Poland, and the role of regional cooperation. The issue of responsibility for Europe will also be addressed.

New Technology Zone at the Youth Congress in Lublin

We invite you to visit the New Technology Zone, showcasing educational projects prepared by the New Technology Division. See all the projects of the New Technology Division This is the perfect place to learn about immersive historical education and explore the use of new technologies in teaching. All games and applications available in the Zone foster empathy, shape civic attitudes, and teach history in an engaging and effective way. Learn more about the ECR Youth Congress
