

New Technology Division INR: Perspektywy Women In Tech 2022

NEW TECHNOLOGY DIVISION OF THE INSTITUTE OF NATIONAL
REMEMBRANCE CO-ORGANIZER OF THE LABORATORIES OF THE FUTURE
ZONE AT PERSPEKTYWY WOMEN IN TECH 2022

On June 7-8, 2022, the largest European event for women in technology – Perspektywy Women in Tech Summit – was held at the Warsaw EXPO XXI. The New Technology Division of the Institute of National Remembrance, as a co-organizer of the Laboratories of the Future Zone, had the pleasure to present its activities.

The Laboratories of the Future is the largest educational program in the history of Poland aimed at developing future competencies among young people. Adrianna Paradowska, Deputy Director of the New Technology Division of the Institute of National Remembrance, conducted workshops on “The Cyphers Game – immersive historical education”. The workshops were addressed mainly to secondary school students and their teachers. More than 1000 students had the opportunity to try their hand at “The Cyphers Game” multiplatform – on PC, mobile and even on VR goggles. The New Technology Division of the Institute of National Remembrance enjoyed great interest of the participants of the Perspektywy Women in Tech Summit. They were captivated by the soundtrack of “The Cyphers Game” and appreciated its historical basis.
